WHITE PINE WANTS SLICE OF NYE COUNTY

RESIDENTS OF WHITE RIVER SECTION KNOCKING AT DOOR OF ELY

Nye county stands an excellent chance of losing a portion of its vast acreage at the coming session of the legislature. The residents of the extreme eastern end of this county are anxious to have their territory annexed to White Pine, as it is more convenient to transact business in Ely than in Tonopah. In speaking of the agitation that is now being started the Ely Record has the following to say:

James Riordan of White River valley in Nye county spent several days in the city during the present week, and states that practically all residents of the lower White River valley, and those of Currant Creek and the Buck Water country, are very anxious to be cut off from Nye and annexed to White Pine during the coming session of the legislature. Their reasons for desiring the change are that they are located from 150 to 200 miles from Tonopah, the county seat, which they seldom visit. They do their business in Ely, which is the market for their supplies. Riordan states that all the residents of the sections named will sign petitions to the legislature praying to be annexed to White Pine, and that it is probable a committee of citizens of those sections will attend the legislature and work for the passage of the proposed bill, for which they will have the united support of the delegation from this county.

The residents of Cave and Lake valleys in northern Lincoln county are also desirous of being annexed to White Pine, and will work with that end in view, as they are nearer to Ely than to Pioche, and do their business here, and can see no good reason why they should be compelled to go to Pioche to attend court.

PATHFINDER OF A. A. A. ARRIVES FROM THE EAST

DECLARES AUTO ROAD FROM ELY TO TONOPAH IN EXCELLENT CONDITION

A. L. Westgard, official pathfinder for the American Automobile association, arrived from Ely last night, nearing the completion of his third trip across this continent. Mr. Westgard has logged every foot of road traveled by him in his pathfinding tours, and it is due to his recommendations that the most feasible routes across the continent are adopted. He has plotted the routes followed and important data has been gathered that will aid the motorists who cross the continent in the years to come.

Westgard left Ely at 6 o'clock yesterday morning, intending to reach Tonopah about 6 o'clock last evening. However, the work of logging the route consumed considerable time and it was not until 10 o'clock that he made his appearance. In discussing the condition of the road between Tonopah and Ely the noted pathfinder declared the thoroughfare to be in excellent condition, and that only about 10 or 20 miles appeared in need of repairs. He stated that the southern Nevada roads were far superior to many traveled in eastern states, and complimented the local auto enthusiasts for their work in keeping the roads in good condition.

It is Westgard's duty to log every road that can be traveled, thus affording motorists complete data for the route they may choose to take, and consequently avoiding the playing of any favorites.

Westgard is accompanied on his present tour by Mrs. Westgard. The couple left today for Goldfield and from that point will continue the journey to southern California.

Have you a "stunt" musical instrument in your home? Unless it's anchored there by sentiment, let a "for sale" ad in the Bonanza find a buyer for it.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.
